Raffles Resort Canouan
Island, St. Vincent
and the Grenadines

Check in at the open-air spa desk of this private-isle resort, and you'll choose from two great options: Select an overwater bungalow and you'll get one of two treatment rooms, accessible by boat, that offer uninterrupted views of the sea—and glass floors with views of the fish below. Or be whisked into a funicular that carries you up the side of the mountain to one of the 11 villas embedded in the hillside. Whichever you choose, you'll find that your open-air room comes with a Balinese daybed, a Jacuzzi, and a shower with floor-to-ceiling windows looking to the sea. While your masseuse gets to work, you'll feel the breezes on your skin and hear the gulls flap their wings as you drift off to an even more peaceful place.
